Important Notice:

In the event of unforeseen circumstances, the examination may be conducted in a manner that differs from those described in this guideline.

Please check the following sites for the latest entrance examination information.

e³ program's website: <https://eprogram.eng.hokudai.ac.jp/e3/admission-int/apply-double>

<About your visa and residential status>

-Studying at Hokkaido University as an international student requires you to obtain a 'Student' visa. Please note in advance that the 'Certificate of Eligibility (COE)' needed for a 'Student' visa application may take more than 3 months to be issued after its application. Please refer to our university website, too.

Japanese:

<About Security Export Control>

-Hokkaido University conducts strict screenings on exporting goods and providing skills (including incoming international students) by establishing 'Hokkaido University Security Export Control Regulations (北海道大学安全保障輸出管理規程)' based on 'Foreign Exchange and Foreign Trade Act (外国為替及び外国貿易法)'.

-In case you are subject to our regulations, you may be restricted from learning or researching your desired fields of education.

-For further details of regulations regarding Security Export Control, please refer to the Ministry of Economy, Trade and Industry website below.
Ministry of Economy, Trade and Industry (METI) website: <https://www.meti.go.jp/policy/anco/>

Goal of Education and Admission Policy at the Graduate School of Engineering

- Goal of Education

The goal of Hokkaido University Graduate School of Engineering is to inherit academic achievements accumulated over human history and to advance science and technology beyond past achievements, and thereby, to nurture individuals with a solid education background and advanced technical skills over diverse engineering fields and with the ability to adapt to globalization, ongoing advancements in science and technology, the trend toward interdisciplinary research, and who can think, decide and respond to practical challenges.

- What we look for in a student

- Master's Program

(1) Students who have a wide range of education and specialized knowledge of science and technology from a broad perspective, and who have the thinking and decision-making skills necessary to solve problems.

(2) Students with communication ability to enable mutual understanding with people from all over the world who have various ideas.

(3) Students who are motivated to continuously acquire and improve the above knowledge and abilities.

(4) Students who are willing to think about and solve various problems that arise in society. Students are expected to have acquired, before entering the Master's Program, academic skills and ethics required to study and conduct research in their field of specialization.

- Doctoral Program

(1) Students who have a wide range of education and a wealth of advanced specialized knowledge of science and technology from a broad perspective, and who have the excellent thinking and decision-making skills necessary to solve problems.

(2) Students with high communication ability to enable mutual understanding with people from all over the world who have various ideas.

(3) Students who are motivated to continuously acquire and improve the above knowledge and abilities.

(4) Students who are willing and able to think about and solve various problems that arise in society and create new science and technology through problem solving.

Students are expected to have acquired, before entering the Doctoral Program, high academic skills and ethical standards required to study and conduct research in their field of specialization.

- Basic Policy for Selection of Applicants

The Graduate School of Engineering selects individuals of any nationality who have graduated from a specialized field of science and engineering and intend to obtain a master's or doctoral degree in the field of engineering, as well as qualified individuals who intend to obtain a doctoral degree while working after completing their undergraduate or master's degree.

- Double Degree Program Special Selection

The Double Degree Program Special Selection selects students who are currently enrolled at one of the overseas partner universities, and who wish to obtain a degree at the graduate school in English based on an oral examination of their specialized knowledge, research ability, and willingness to tackle research problems, and a comprehensive evaluation of their basic academic skills and foreign language ability based on their application documents.

1. About Double Degree Program

The Double Degree Program is educational program established by official agreement between the Graduate School of Engineering, Hokkaido University and partner universities and satisfied the requirements of each of the universities. Academic degrees of the same level are separately conferred to the students who have completed the requirements of both universities. Such degrees will be conferred on qualified students by each of the universities. Individual program's plan is established by the agreement between the Graduate School of Engineering, Hokkaido University and partner universities. Candidates accepted to the Double Degree Program enroll into the English Engineering Education program of the Graduate School of Engineering, Hokkaido University and their study plan is based on the curriculum of the program.

2. About e³ Program

International graduate program in English (Master's and Doctoral degree) was first established at the Graduate School of Engineering, Hokkaido University in the year of 2000 as English Graduate Program in Social Environmental Engineering (EGPSEE) in order to attract qualified international students, who speak little or no Japanese. The e³ program has gradually expended to cover the other fields of engineering, and was renamed English Engineering Education Program (hereafter referred to as "e³ program") from 2007. The e³ program comprises of 13 divisions, encompassing all fields of engineering.

The e³ program aims to educate together international and Japanese students in both Master's and Doctoral degrees in a multicultural and inter-disciplinary environment in English. The goal of the e³ program is to foster globally competitive individuals, engineers and researchers, who possess in-depth knowledge, are equipped with up-to-date technologies, have a global mindset, and are able to work, taking leadership in various fields.

To foster the individuals described above and achieve its goal, the e³ program embraces the diversity of origins of the applicants and recruits students from all over the world.

3. Admission Categories

Admission screening to the program is conducted under the two categories, e³ Special Selection, and Double Degree Program Special Selection. Please carefully confirm eligibility, requirements, and deadlines for each category in the respective application guidelines. This guideline describes the matters related to Double Degree Program Special Selection.

- **Double Degree Program Special Selection**
- e³ Special Selection (Please refer to the respective guidelines)

Application guidelines for each category are published online on the e³ program's website:

e³ Special Selection:

<https://eprogram.eng.hokudai.ac.jp/e3/admission-int/apply-admission>

Double Degree Program Special Selection:

<https://eprogram.eng.hokudai.ac.jp/e3/admission-int/apply-double>

4. Partner Universities and Available Degree Programs

As of October 2024, the following overseas partner universities have established Double Degree agreements with the Graduate School of Engineering, Hokkaido University at the following degree levels:

University/ Faculty or School	Master's Program	Doctoral Program
AGH University of Science and Technology (Poland)	Yes	Yes
Asian Institute of Technology / School of Engineering and Technology (Thailand)	Yes	No
Chulalongkorn University / Faculty of Engineering (Thailand)	Yes	Yes
Sirindhorn International Institute of Technology (SIIT), Thammasat University (Thailand)	Yes	Yes
Xi'an Jiaotong University / School of Materials Science and Engineering (China)	No	Yes*
Seoul National University / College of Engineering (Korea)	Yes	Yes
National Tsing Hua University / College of Engineering, College of Science, College of Nuclear Science (Taiwan)	No	Yes
Royal Melbourne Institute of Technology	No	Yes

*Only at the Division of Material Science and Engineering

5. Divisions Accepting Applications

There are 13 divisions accepting applications. However, acceptance of students in a specific research field under a Double Degree Program in each division depends on individual agreement between the Graduate School of Engineering and applicant's university.

Divisions	
Applied Physics	Engineering and Policy for Sustainable Environment
Materials Science and Engineering	Architectural and Structural Design
Mechanical and Space Engineering	Human Environmental Systems
Human Mechanical Systems and Design	Environmental Engineering
Energy and Environmental Systems	Sustainable Resources Engineering
Quantum Science and Engineering	Cooperative Program for Resources Engineering
Field Engineering for the Environment	(Master's program only)

6. Nomination as a Double Degree Candidate

Applicants to the Double Degree Program shall be officially nominated by his or her home university which has a Double Degree agreement with the Graduate School of Engineering, Hokkaido University as Double Degree candidates.

For the details of the Double Degree nomination procedure, please inquire to the office in charge at your home university. The below listed application qualifications, selection and screening procedures only refer to the part of selection process at the Graduate School of Engineering, Hokkaido University.

7. Qualifications for Applicants

7-1. Nationality

Applicants shall fulfill both criteria.

1. Non-Japanese nationals
2. Those who have or will obtain the Japanese residence status "student" by the time of enrollment*

*If you are a non-Japanese national, but do not fulfill the condition stated "2" above, please inquire to the e³ program office between February 9 and February 12, 2026. There is a possibility you are qualified to apply for admission.

7-2. Educational Qualifications

Master's Program

Individuals who are currently enrolled or accepted to the Master's program at the partner university which has a Double Degree agreement with the Graduate School of Engineering, Hokkaido University.

Doctoral Program

Individuals who are currently enrolled or accepted to the Doctoral program at the partner university which has a Double Degree agreement with the Graduate School of Engineering, Hokkaido University.

7-3. English Requirement

The medium of instruction of the e³ program is English, and applicants must possess comprehensive knowledge of the English language. Applicants are required to submit an official English test score above the minimum requirement or the Medium of Instruction certificate as a proof of English proficiency.

Minimum English Proficiency Requirements		
TOEFL iBT Test	IELTS	TOEIC L&R
79	6.0	730

*TOEFL DI code: 8648

*Please see "Documents to Prove English Proficiency" in section 17. "List of the Documents" for details.

Medium of Instruction (MI) Certificate

MI certificate is an official letter or a certificate stating that English is the language of instruction at the university or a specific degree program. If English being the language of instruction is clearly specified in the transcript or diploma, there is no need to submit MI certificate separately.

Examples

- Master's applicants who graduated or are expected to graduate from a full-time Bachelor's degree program for which the medium of instruction is English
- Doctoral course applicants who graduated or are expected to graduate from a full-time Master's degree program for which the medium of instruction is English

Exemptions

Applicants who fulfill one of the following conditions can be exempted from submitting an English score and MI certificate:

- Applicants whose native language is English
- Applicants who graduated or are expected to graduate from universities in a country where the first official language is English

If you have any concerns whether you qualify as a native speaker of English, please directly consult the e³ program office well in advance of the Matching Check deadline in section 8. “Application and Screening Schedule”

8. Application and Screening Schedule

- The Double Degree Program Special Selection will be conducted on the schedule below.
- For further details, please refer to each section.
- For the schedule and details of the nomination as Double Degree candidate from your home university, please contact the office in charge at your home university.
- Application is considered complete only when originals of the application documents, including the **Double Degree program nomination letter from currently enrolled university**, have arrived at the e³ program office during the specified application period.

Schedule	Dates
Matching Check	February 16 – March 4, 2026
Notification of Matching Check Due to various circumstances, the notification may be delayed by several days.	March 31, 2026
Submission of Hard Copy Application	April 1 – April 14, 2026
Admission Screening Document screening and an online interview (oral examination) conducted by division members. -The way and the dates of the interview vary from division to division, so please inquire with your prospective supervisor for details.	May 12 – May 21, 2026
Announcement of the Results	June 9, 2026

9. Matching Check

Graduate students conduct research under the guidance of a supervisor. **All applicants are required to take the Matching Check** to find a faculty member whose research topic matches their research interests before submitting application documents.

Please upload the necessary documents on the e³ online submission system during the Matching Check so that the e³ program office can forward your documents to your prospective supervisor(s). The prospective supervisor(s) will review the application and consider whether or not the applicant can be accepted.

Please note that matching may not be successful for various reasons (e.g., mismatch in proposed topic, lack of laboratory capacity, insufficient academic level, etc.).

Required Documents

All applicants are required to upload the documents listed in section 17. "List of the Documents" for the Matching Check before submitting original application documents.

The documents shall be submitted on the e³ online system.

<https://eprogram.eng.hokudai.ac.jp/apply/>

If there is any problem uploading, please consult to the e³ program office (eprogram@eng.hokudai.ac.jp) by e-mail.

Notification of Matching Check

Notification of the Matching Check is announced by e-mail from the e³ program office. Due to various circumstances, the notification may be delayed by several days.

Only applicants who passed the Matching Check are required to post the original documents.

10. Application Submission

Documents shall be uploaded on the e³ online submission system for the Matching Check.

All applicants whose matchings are successful shall send the original documents (hard copy documents) by postal mail.

List of the Documents

Please refer to section 17. "List of the Documents" for details.

If a designated format is required, you may either download from the e³ program's website or online submission system.

e³ program's website: <https://eprogram.eng.hokudai.ac.jp/e3/admission-int/apply-admission>

e³ online submission system: <https://eprogram.eng.hokudai.ac.jp/apply/>

Submission Notes

1. All the required documents must be delivered to the e³ program office before the deadline for submission of hard copy application. When you ship the documents, make sure to use

a courier service that provides tracking options such as DHL, FedEx, EMS. It is applicant's own responsibility to estimate the required delivery time. **Application will not be accepted if the hard copies are delivered after the deadline.**

2. After you have completed the submission of your application, you cannot change the contents of the application.
3. Please check the delivery status by yourself. We will not respond to inquiries regarding the arrival of your application documents. Once your documents are delivered and processed, you will receive a notification e-mail from the e³ program office. The notification will usually be sent within 3 working days of the documents' delivery to the e³ program office.
4. Application documents must be written in English or an official English translation must be attached if it is written in a language other than English.
5. Submitted documents are not returnable to the applicants for any reason. If any of the documents cannot be re-issued (such as graduation certificates, transcripts etc.), please submit a certified copy. A "certified copy" is an official document that has been verified by a university or a notary to be a true and accurate copy of the original document.
6. If any false description is found in the application documents, entrance approval may be cancelled.
7. Please **do not** staple the documents. If necessary, please use clips instead.

Postal Address: English Engineering Education (e³) Program Office
c/o International Affairs Office (A1-05)
Graduate School of Engineering, Hokkaido University
Kita 13 Nishi 8, Kita-ku, Sapporo, Hokkaido 060-8628, Japan
Tel: +81 11 706 8089

11. Admission Screening

Document Screening

In the process of document screening, various components of the application are considered and evaluated, such as the quality of the applicant's prior academic degree, grades, record of accomplishment and publications, research proposal, a recommendation letter, relevant work experience, and so on.

Interview (Oral Examination)

An interview is required as a part of the application review process.

The interview is scheduled individually and conducted online in principle. In some cases, the online interview during the period other than that mentioned in section 8 may be conducted. Applicants will be notified about the schedule of the interview through their prospective supervisors.

<GPA>

In most cases, e³ applicants should have a high academic performance (e.g. 80%, or 3.0 on a 4.0-point GPA Scale) to qualify for the Double Degree Program Special Selection.

12. Examination Results and Admission Certificate

Examination results are notified to the applicants by e-mail from the e³ program office.

Admission Certificate

The admission certificate is sent in a PDF file by e-mail to those who are accepted.

13. Examination Fee, Entrance Fee and Tuition

Required fees are defined as per agreement with partner university. Double Degree candidates are normally exempt from paying examination and entrance fees at Hokkaido University. Tuition fees at Hokkaido University are exempt for the period of simultaneous enrolment at Hokkaido University and a partner university, and after graduating from a partner university, for up to 6 months of enrollment at Hokkaido University.

Please make sure to confirm the details of the agreement at your home university.

Amount of Fees

Examination fee	30,500 JPY (500 JPY is for transaction fee)
Entrance fee	282,000 JPY (At the time of enrollment)
Tuition for a semester	267,900 JPY (Annual fee: 535,800 JPY)

- Fees listed above are subject to change. If any revision is made at the time of admission or while the student is enrolled, the new amount will be applied as of the time of the revision.

14. Visa Application Assistance

Applicants needed Certificate of Eligibility (CoE)

Once the applicants receive the admission certificate, the e³ program office will apply for a CoE on behalf of the applicants. After the CoE is issued, the e³ program office will send it in PDF format to each applicant by e-mail. After receiving the CoE, applicants must proceed to apply for a student visa at a Japanese Embassy or Consulate.

15. Protection of Personal Information

(1) All personal information collected by Hokkaido University will be completely protected in compliance with the Act on the Protection of Personal Information Held by Independent Administrative Agencies, etc., and other related acts and pursuant to the Hokkaido University Regulations on Personal Information Management.

(2) Names, addresses, and other personal information provided to the university through application procedures will be used solely for (a) enrollee selection (application processing and

the screening process), (b) the announcement of exam results, (c) admission procedures, (d) surveys and research on enrollee selection methods, and (e) related processes.

(3) Some of these processes may be outsourced by the university to a contracted service provider (hereinafter referred to as “contractor”). All or some of the personal information provided by applicants may be provided to the contractor only as needed to perform the tasks for which it has been contracted.

(4) Personal information obtained through application procedures will be used only for those who are admitted for (a) school administration purposes (student registration, academic counseling, etc.), (b) student support services (health management, scholarship applications, etc.), and (c) tuition and other administrative purposes. (Personal information of applicants for Cooperative Program for Resources Engineering will be used in Kyushu University for the purpose of (a) and (b).)

(5) Of the personal information described in item (4) above, only names and addresses will be used to facilitate communication with students from the Hokkaido University Frontier Foundation and organizations related to Hokkaido University, such as (a) the Hokkaido University Athletic Union, and (b) Hokkaido University Faculty of Engineering “Hokkokai”.

16. Contact Information

English Engineering Education (e³) Program Office
c/o International Affairs Office (A1-05)
Graduate School of Engineering, Hokkaido University
Kita 13 Nishi 8, Kita-ku, Sapporo, Hokkaido 060-8628, Japan

E-mail: eprogram@eng.hokudai.ac.jp

Tel: +81 11 706 8089

Office hours: 8:30 a.m. – 5:00 p.m., Weekdays

-The office is closed on weekends and national holidays. Please note that when the office is closed, we are not able to respond to e-mails or receive postal mail.

17. List of the Documents

Documents marked ★ are required only when it is applicable, and unmarked documents are required for all applicants. Please read the details for each item and prepare the documents.

Documents shall be uploaded on the e³ online submission system for the Matching Check. All applicants whose matchings are successful shall send the original documents (hard copy documents) by postal mail.

If a designated format is required, you may either download from the e³ program's website or online submission system. If an application document doesn't meet the requirements or follow the notes on the guidelines and the forms, it may not be acceptable.

e³ online submission system: <https://eprogram.eng.hokudai.ac.jp/apply/>

e³ program's website: <https://eprogram.eng.hokudai.ac.jp/e3/admission-int/apply-double>

No.	Required Documents
1	e³ Double Degree Application Form e ³ Application Form is automatically generated on e ³ online submission system. Please download and print it out for submission. Please note that your handwriting signature with a pen is required on the last page when submitting the original. No electronic signature is allowed.
2	Double Degree Program Nomination Letter from Currently Enrolled University Format: All applicants shall use the designated format.
3	Education History Please make sure to include currently enrolled program (expected to enroll program) at the partner university which has a double degree agreement with the Graduate School of Engineering, Hokkaido University. Education History is automatically generated on e ³ online submission system. Please download and print it out for submission.
4	Research Proposal Format: Please use the e ³ -designated format. Please adhere to the maximum word count for each section when preparing your text.
5	Abstract(s) of Bachelor's/Master's Thesis(es) Format: Please use the e ³ -designated format (one to two pages long). - Doctoral course applicants are required to submit both Bachelor's and Master's thesis abstracts. - If a formal thesis was not a part of your degree program, please prepare a summary of the research project etc. you conducted at your home university.

No.	Required Documents
6	<p>Abstract(s) of the Publication(s)</p> <p>If you published papers including a conference as the first author, please attach an abstract. Do not attach the full paper.</p> <p>If your paper was published in a language other than English, please prepare an English abstract.</p> <p>At the top of the abstract, please include full reference information: <i>name(s) of the author(s), title, and publication information.</i></p>
7	<p>Academic Transcripts</p> <p>Official academic transcripts for every graduated /expected to graduate university program (originals, certified copies, or verification report from CHSI) shall be prepared. Please attach <i>the grading scale/system of the university</i>. If the grading scale/system is clearly indicated on the transcript, you don't need to submit it separately.</p> <p><Applicants who graduated/ are expected to graduate from a university in any country/region other than China ></p> <p>If the transcript is issued in a language other than English, please submit the original or certified copy of transcript in your native language and the original English translation certified by the issuing institution or public notary.</p> <p>Please make sure the date of issue is specified.</p> <p>-Bachelor's degree holders: Please submit transcripts from the undergraduate school(s).</p> <p>-Master's degree holders: Please submit transcripts from both undergraduate and graduate schools even if you are still in school.</p> <p><Applicants who graduated/ are expected to graduate from Chinese University></p> <p>Please go to the website CHSI https://www.chsi.com.cn/en/ , and apply for verification report of transcript in English.</p> <p>Please request CHSI to send the transcript directly to the e³ program office (eprogram@eng.hokudai.ac.jp) via e-mail. You need to make this request by the deadline for the Matching Check.</p> <p>For the Matching Check, please upload your official academic transcripts or certified transcripts issued by the university <u>and also a screenshot (PDF)</u> of the webpage that you contacted CHSI to make the above request.</p> <p>Please note that it could take a long time to issue the transcript at CHSI. It is recommended to apply for it well in advance. Your application for Double Degree Program special selection will not be accepted if transcripts are sent by CHSI after the deadline for submission of hard copy application.</p>
8	<p>Graduation/Expected Graduation Certificates</p> <p>Please submit documentation that allows us to verify that your degree has been conferred or when it is expected to be conferred.</p> <p>The originals, certified copies, or verification diploma from CHSI for each graduated /expected to graduate university program shall be prepared. High school certificates are not required.</p>

No.	Required Documents
	<p>If the certificates are written in a language other than English, please submit a copy of the diploma in your native language certified by the university/issuing institution, and the original English translation certified by issuing institution or a public notary.</p> <p><Applicants who graduated/ are expected to graduate from a university in any country/region other than China></p> <p>•Applicants who already graduated Please submit the original graduation certificate. Instead of an original certificate of graduation, a copy of the diploma certified/attested by the university/issuing institution is acceptable.</p> <p>•Applicants who are expected to graduate Please prepare the most recent expected graduation certificate. It must show the expected month and year of your graduation. If your university does not issue an expected graduation certificate, please obtain a certificate of enrollment, which shows the month and year of the enrollment and the month and year of graduation. Once you are conferred a diploma, please submit the certified copy.</p> <p><Applicants who graduated/ are expected to graduate from Chinese University></p> <p>•Applicants who already graduated Necessary documents: <u>Online Verification Report of Higher Education Degree Certificate from CHSI</u> Please go to the website CHSI (https://www.chsi.com.cn/en/), and apply for 「中国高等教育学位在线验证 报告 翻译件(英文)」 (Online Verification Report of Higher Education Degree Certificate). Please request CHSI to send the verification report directly to the e³ program office (eprogram@eng.hokudai.ac.jp) via email. You need to make this request by the deadline for the Matching Check. For the Matching Check, please upload your official degree certificate issued by the university and also a screenshot (PDF) of the webpage that you contacted CHSI to make the above request. Please note that once the envelope is opened, the certificate is no longer considered valid.2) Submitting a color-printed DOSC: The DOSC must allow staff to verify your scores via the QR code. If verification requires the installation of any external application, the DOSC will not be accepted. In such cases, applicants must submit an OSC in the original, sealed envelope sent by ETS. <p>Period of Validity of the Tests</p> <p>The test must be taken within the last two years from the deadline for submitting a hard copy of the application documents.</p> <p>Please note that if you can't provide the official English test score by the deadline for the Matching Check, your application will not be reviewed.</p> <p>Medium of Instruction Certificate (MI)</p> <p>Applicants who completed full time degree programs in English can submit MI certificate instead of English scores as proof of English proficiency.</p> <p>MI certificate is an official letter or a certificate stating that English is the language of instruction at the university or a specific degree program.</p> <p>Please submit the original certificate. If English being the language of instruction is clearly specified in the transcript or diploma, there is no need to submit MI certificate separately.</p> <p>Examples:</p> <ul style="list-style-type: none">-Master's course applicants who graduated or are expected to graduate from a full-

No.	Required Documents
	<p>full-time Bachelor's degree program for which the medium of instruction is English. -Doctoral applicants who graduated or are expected to graduate from a full-time Master's degree program for which the medium of instruction is English.</p> <p>Exemptions Applicants who fulfill one of the following conditions can be exempted from submitting English scores and MI certificates.</p> <ul style="list-style-type: none"> -Applicants whose native language is English -Applicants who graduated or are expected to graduate from universities in a country where the first official language is English <p>If you have any concerns whether you qualify as a native speaker of English, please directly consult the e³ program office well in advance of the deadline for the Matching Check.</p>
11	<p>Photocopy of Passport Please provide a photocopy of the page showing your photo, nationality, and name.
