

# Graduate School & School of Engineering Hokkaido University

## Exchange Program Fact Sheet 2027-2028

### 1. Application Schedule and the Official Semester Period

| Semester | Nomination Deadline | Application Deadline | Official Semester Period<br>Including summer/spring break *1 | Official Lecture Period<br>Including final exam week |
|----------|---------------------|----------------------|--------------------------------------------------------------|------------------------------------------------------|
| 1st      | October 15          | November 1           | April 1 – September 30                                       | April 1 - early August                               |
| 2nd      | April 15            | May 1                | October 1 – March 31                                         | October 1 - early February                           |

\*1 Applicants must stay enrolled in their home universities throughout the official semester period. Students who graduate during the period are not eligible to apply.

### 2. Academic Information

#### 1) Programs

We offer two different exchange programs: Special Auditor (SA) and Special Research Student (SRS). Students can apply for one of the programs.

<Eligibility> Graduate students and Undergraduate Students  
 <What Students Do> Take courses and earn credits.  
 <Exchange Period> 1 or 2 semesters (6 months or 1 year)  
 <Note> Students are required to attend courses at least 10 hours a week (7courses).

<Eligibility> Graduate students only  
 <What Students Do> Undertakes research relating to specialized area and receive supervision for research  
 <Exchange Period> 1 or 2 semesters (6 months or 1 year)  
 <Note> SRS are not eligible to take courses.

#### <IMPORTANT NOTICE>

1) Due to the increasing number of students and limits in space, sometimes not all applicants can be accepted.

2) Language requirements

For undergraduate students, applicants are required to submit at least N2 level Japanese proficiency since most courses are offered in Japanese. If undergraduate students are interested in taking courses in English, please also consider applying for HUSTEP.

<https://www.global.hokudai.ac.jp/admissions/short-term-exchange/>

For graduate students, applicants are required to submit test scores either in English or Japanese. There is no minimum language proficiency requirement, but students should have sufficient language proficiency to keep up with the course.

3) It is our policy not to communicate directly with a student until they are officially accepted. Please advise your students to inquire with us from the representative person of the home university.

#### 2) Field of Study

**School of Engineering** 4 Departments

|                                               |                                         |
|-----------------------------------------------|-----------------------------------------|
| Applied Science and Engineering               | Electronics and Information Engineering |
| Mechanical and Intelligent System Engineering | Socio-Environmental Engineering         |

**Graduate school of Engineering** 13 Divisions

|                                       |                                                    |                                  |
|---------------------------------------|----------------------------------------------------|----------------------------------|
| Applied Physics                       | Materials Science and Engineering                  | Mechanical and Space Engineering |
| Human Mechanical Systems and Design   | Energy and Environmental Systems                   | Quantum Science and Engineering  |
| Field Engineering for the Environment | Engineering and Policy for Sustainable Environment |                                  |
| Architectural and Structural Design   | Human Environmental Systems                        | Environmental Engineering        |
| Sustainable Resources Engineering     | Cooperative Program for Resources Engineering      |                                  |

### 3) Courses

SA can find courses from the link below. They are required to pre-register for courses at the time of application. They can change courses only if there are unavoidable circumstances. <https://gakumu.academic.hokudai.ac.jp/Portal/Public/Syllabus/SearchMain.aspx>

### 4) Transcripts

We send transcripts of SA after their last semester in HU (After Oct. 1 for the 1st semester and Apr. 1 for the 2nd semester). Students who study for two semesters can request their transcripts of the first semester while they are enrolled in HU.

### 5) Japanese Courses

We offer General Japanese classes for exchange students at Institute for the Advancement of Higher Education. The classes are free, and no credits will be issued. The course will be offered at three levels: Introductory, Intermediate and Advanced. Please see below for more information.

<https://www.global.hokudai.ac.jp/students/japanese-language-support/>

## 3. Visa

Accepted international students are required to obtain a visa to study in Japan. After students' admission has been approved, Hokkaido University applies for the Certificate of Eligibility (CoE) which is a required document for student visa application. It will be sent via email directly to students. Students will then complete the required procedures to apply for the visa at the nearest embassy/consulate-general of Japan located in their home country.

<List of the Japanese embassies and Consulates>

[https://www.mofa.go.jp/about/emb\\_cons/over/index.html](https://www.mofa.go.jp/about/emb_cons/over/index.html)

## 4. Campus Life

### 1) Insurance <IMPORTANT!!>

<A. Health Insurance>

All students must be enrolled in Japanese National Health Insurance (NHI) after arrival. They only need to pay 30% of total medical fees when they visit doctors with NHI.

<B. Personal Accident Insurance and Liability Insurance >

All students must be enrolled in the insurance that covers personal injuries, injuries to a third party or damaging any property belonging to a third party as a result of an unexpected accident during educational and research activities. We ask students to either buy the insurances in Japan (JPY 1,340 up to 1yr) or submit a copy of such insurance policy which students are enrolled in their home countries.

### 2) Residence Life

Students are eligible to apply for university dormitories. Accepted students can apply for several dormitories and they are allocated to each room in a lottery. Dormitory open day is Mar. 25 for the 1st semester and Sep.25 for the 2nd semester and close day is Sep.17 and Mar. 17 respectively. (Students who will study for two semesters can stay in the same room during the closure period between the semesters. Please see below for more information.
